

PIRATSKA SOLIDARNOST – ALMISSA 2025.

Omiš | 10. – 13. kolovoza 2025.

Ljetna manifestacija Almissa Open Art Festival 2025. održava se pod nazivom *Piratska solidarnost*, inspirirana legendama o omiškim gusarima koji su u prošlosti stvorili jedinstvenu komunu – gnijezdo otpora i zajedništva u kojem su vladali zakoni uzajamne brige i pravednosti. Omiš je odolijevao moćnim silama, uključujući i Mletačku Republiku, ostavši simbol slobode, hrabrosti i kolektivne snage.

Danas, u vremenu obilježenom društvenim nejednakostima, krizama, ratovima i gubitkom zajedničkih vrijednosti, festival Piratska solidarnost okuplja umjetnike koji kroz svoje radove istražuju ideje utopijskih zajednica, kolektivne brige i otpora. Umjetnost postaje sredstvo povezivanja, transformacije i borbe za pravednije društvo.

Kroz izložbe, intervencije i projekcije, festival propituje što danas znači solidarnost, kako možemo ponovno graditi zajednice koje potiču kreativnost, jednakost i slobodu, te na koji način umjetničke prakse mogu ponuditi nove vizije budućnosti.

PIRATE SOLIDARITY – ALMISSA 2025

Omiš | 10. – 13. August 2025.

The 2025 edition of the Almissa Open Art summer festival takes place under the title *Pirate Solidarity*, inspired by the legends of the Omiš pirates who once built a unique commune – a nest of resistance and care governed by egalitarian principles and mutual support. Omiš stood strong against dominant powers, including the mighty Venetian Republic, becoming a symbol of freedom and collective strength.

Today, as we face inequality, war, crises, and a growing sense of social disconnection, Pirate Solidarity brings together artists whose works explore the possibilities of utopian communities, collective care, and resistance. Art becomes a space of connection, transformation, and a tool for imagining a more just world.

Through exhibitions, interventions, and screenings, the festival poses the question: What does solidarity mean today? How can we rebuild communities that value creativity, freedom, and equality? How can artistic practices offer new visions for the future?
